

RESEARCH PROPOSAL

المقترح البحثي

Assignment 2: Topic Development

موضوع البحث

Procedures

1. Select one of the three topics that you suggested
2. Think and develop a more specified area of study under this topic
3. Give a title for this area of interest
4. Think about the objectives you wish to achieve by this research (be specific)
5. Identify variables (as specific as you can) that you research will focus upon
6. Identify hypotheses or relationships between these variables (as possibly as you can)
7. Describe the research problem in brief (from your point of view)
8. Cite a number of references (3-6) that refer to this area of study

Presentation Format

- Topic title
- Detailed title
- Problem Brief - A paragraph describing the research problem
- Research Objectives
- Research Variables, Hypotheses (optional), & Questions
- References

Submission should not exceed ONE page (if possible), normal font size

Due Date: Sunday 4 December 2011
