

## RESEARCH PROPOSAL

## المقترح البحثي

### Assignment 4: Literature Review

### الأبحاث السابقة

#### Procedures

1. Based upon the subject you are studying, select a number of keywords or phrases
2. SEARCH the literature using these keywords &/or phrases
3. Collect a DIVERSE (i.e. journal articles + books + edited books + conference papers+ theses or dissertations etc.) & decent number of references related to your study or to some aspect of your study
4. DRAFT a first round of the literature review section of the proposal (use the handouts of guidelines for writing literature review handed out in class)
5. Review your literature review section and develop it into second and third rounds of improved revisions
6. Document the references using the APA or MLA or other approved style

#### Presentation Format

- Topic title
- Detailed title
- Problem Brief - A paragraph describing the research problem
- Research Objectives
- Research Variables, Hypotheses (optional), & Questions
- Methodology
- **LITERATURE REVIEW**
- References

Submission can take any reasonable number of words (determined based on the chosen subject of study), normal font size

Due Date: Sunday 18 December 2011
